

Applicant : J. Stuart Cumming  
Appl. No. : 09/943,910  
Examiner : Christopher D. Prone  
Docket No. : 13533.4030

### **Remarks**

Favorable reconsideration of this application and reconsideration of the rejections set forth in the Office Action of September 27, 2007, is respectfully requested.

By the present amendment, the active independent claims have been amended to more completely define the lens of the present invention and to define over the newly cited Dahan patent and to obviate the Section 112 rejection. In this regard, the objected to word "uniplanar" has been deleted from the claims.

With respect to the cited Dahan patent, it is respectfully submitted that Dahan does not disclose a lens having haptics as now or more completely defined in the active independent claims.

In view of the foregoing, favorable reconsideration and a Notice of Allowance is earnestly solicited.

Should the Examiner have any questions or comments, the undersigned can be reached at (949) 567-6700.

The Commissioner is authorized to charge any fee which may be required in connection with this Amendment to deposit account No. 15-0665.

Respectfully submitted,

ORRICK, HERRINGTON & SUTCLIFFE LLP
